

# NEW-YORK DAILY TRIBUNE, SEPTEMBER 24

## NEW-YORK TRIBUNE.

### MARRIED.

On the marriage of Sept. 4, by Rev. Wm. Stephen, DANIEL R. HARLOW of Boston, Mass., to CATHERINE W., daughter of the late ALFRED HARLOW of this city.

On Sept. 13, Mr. & Mrs. M. E. French, by Rev. Mr. Morris, JAMES F. FRENCH, of Boston, Mass., to MARY, daughter of J. H. Bissell, Esq., of this City.

At Panama Aug. 12, Mr. John Dubois, of New York, to Mrs. Maria Danes, wife of Villa, N. G.

### DIED.

Sept. 11 at Jefferson, Chemung Co., in the 70th year of his age, BENJAMIN AHARTAGE, Esq., at many years a merchant of the City. He remains interested in business.

At Worcester, Mass., Sept. 12, M. E. French, by Rev. Mr. Morris.

At New Haven, Conn., Sept. 13, Dr. Wm. C. Loring, to Mrs. Mary Ellsworth, daughter of J. H. Bissell, Esq., of this City.

At Panama Aug. 12, Mr. John Dubois, of New York, to Mrs. Maria Danes, wife of Villa, N. G.

At Boston, Concord, and Montreal Railroad, one of the best known roads in New England, is in this market for a loan of \$100,000, mortgage bonds, payable in ten years with interest at 7 percent per annum, payable semi-annually in this city.

The road is now in operation from Concord to

Plymouth, a distance of 51 miles, and 20 miles in

addition is nearly ready for use. The cash stock paid in is over \$1,100,000. The Company issue \$300,000 in Mortgage Bonds, \$100,000 of which are at 6 percent per annum and payable in Boston, and \$100,000 at 7 percent, payable in New York, they being authorized to make the rate of interest conformable to the legal rate of the State, where the same are payable. They are also authorized to sell them at any discount they may deem advisable for the interest of the road without effecting their legality. The Trustees under the mortgage are Hon. Franklin Pierce of N. H., E. Haskell Derby, Esq., and James M. Whiton, Boston—gentlemen of the highest respectability.

The cost of the 71 miles of road will be over \$1,100,000, and the Mortgage Bonds now issued will pay off the entire floating debt of the Company, and \$10,000 of outstanding bonds (not mortgage) all they have out, and finish the road for the above mentioned distance of 71 miles. The earnings, 51 miles, for the month of August, were over \$11,000.

The transfers of Federal Stocks at Washington last week to foreign account was \$22,000.

The Common Council of Cincinnati have voted to loan the credit of the city for a million of dollars to the following Railroads: Ohio and Mississippi Road, via Lawrenceburg, \$600,000; Cincinnati and Lexington (Ky.) Road, \$100,000; and Cincinnati Road, \$150,000; and Belpre and Cincinnati Road, \$150,000. The loans are probably submitted to a vote of the citizens.

The citizens of Auburn are determined to have a Railroad to connect them with the Erie Road. Eighty thousand dollars have just been subscribed to build a line to Osgoode.

The Jamestown Journal says that a mass meeting is to be held in that village on Tuesday, the 24th Inst., to take into consideration the subject of a branch from the New-York and Erie Road, forming a junction at Little Valley, in Cattaraugua Co., and extending to Erie Pa. Very liberal propositions have been made to the inhabitants on the proposed route.

The Central Bank of Lockport, which has been suspended for three or four years, is about to commence business again in that village. Since the suspension, all bill-holders and creditors have been paid in full, with interest, and the capital stock mostly secured to the stock-holders.

**Markets... Carefully Reported for the Tribune**

MONDAY, September 23.

**ASHES**—Are in fair inquiry at \$8 for Peat, \$0.12 for

**COTTON**—The sales are small some 200 or 300 bales, and the market without change.
